

## OBJECTIVES

- To familiarise the faculty about the necessity of Outcome Based Education (OBE) with respect to the accreditation process by National Board of Accreditation (NBA).
- Continuously develop the teaching learning activity focussing on Outcome Based Education.
- Using of appropriate assessment tools for continuous assessment.
- Develop analytical thinking process in the students.
- Encourage problem solving attitude.

## PLEASE NOTE

- All faculty members of AICTE approved institutions are eligible to participate.
- There is no registration fee for participants.
- The Refresher Program will be conducted online through Google Meet.
- This program will be considered for Career Advancement Scheme (CAS) promotion.
- Certificates will be issued by ISTE only after receiving proof of attendance.
- There will be three sessions per day, each of 1.5 hour. ( 10 am to 11.30am, 11.30 am to 1pm, 3pm to 4.30pm).

## ABOUT THE INSTITUTE

Assam Textile Institute (ATI) is the only Institute, which offers courses on Textile Technology, Garment Technology and Fashion Technology under one roof. This is a unique combination since all the three courses are inter-related. It is a premier institute for textile education in North-East India and has contributed substantially in the socio-economic development of the region. The setting up of the Assam Textile Institute itself is the resultant creation of the Swadeshi Movement launched by Mahatma Gandhi. When the movement was gaining momentum all through the country, Rai Bahadur Kanaklal Baruah, a true nationalist and the then Director of Industries of the Govt. of Assam, established this institute in the year 1920 with the objective of providing handloom training facilities.

All the three diploma courses in Assam Textile Institute are approved by AICTE.

## RELEVANCE

**With the ever changing technology in the industry it has become essential for the engineering educational institutes to continuously upgrade the curriculum**

and impart the required skill to the students so that their employability does not come down. In this context, the National Board of Accreditation play an important role in the higher education system in India. The engineering “graduate” from India can be easily employed overseas, if he / she has graduated from a NBA accredited institution. According to the Washington Accord, the Indian Engineering Institutions to get accredited by NBA it is compulsory that engineering institutions have to get the Outcome Based Education (OBE) model.

## EXPECTED OUTCOMES

- Appreciate that NBA is mandatory at the present time.
- Apply ICT tools for improving teaching learning.
- Will be able to enhance the employability of the students.
- Will get concept of various assessment and Evaluation tools.
- Will be able to apply outcome based education.
